

DUCTION

Education holds an important place in the life of the country. For the country to move forward, it plays the vital role to pace forward. With this vision, Karnali technical school, the first technical school in the country was established on 5th shrawan 2037 BS (July 1980) with the joint effort of Government of Nepal / Ministry of Education and United mission to Nepal. In 1995 AD it was handed over to his majesty of King of Nepal to be run under CTEVT.

Chandannath municipality-6, ghugutti, Jumla, covering 652 acres of land with its 55 buildings. It is a peaceful and ideal residential village, surrounded by pine and deciduous forest from 3 sides. It takes an hour to reach from Jumla bazaar.

School ethos is to provide the technical knowledge to the middle class technical workforce that would be able to sustain their life as well as uplift their community. It produces graduates with basic skills in agriculture, health and nutrition.

Recognized as centre of excellence in skilling and training in the Himalayas Nepal.

MISSION

Produces a competent and confident workforce by providing accessible TVET services to the doors of the rural and urban people.

Improve integration relevantly of TVET program and services to produce competent and responsible workforce.

Advance social inclusion and equitable access in the TVET sector

Promote integrated sustainable development in TVET sector and a promotion in green technology.

PRINCIPAL

We extend a warm welcome to you all at KTS. I am delighted to be part of and leading such an innovative and wonderful school. We have been and will be successful in educating and skilling the students from the backwater areas, particularly of the Karnali zone. KTS meets both the educational need of the young people as well as skill needed to serve their community.

It's not only has been center for technical knowledge but also a tourist spot. Every year we receive lots of tourists as well as external visitors who would like to roam and explore KTS. It's truly been a boon for Karnali people. I hope you explore more about the school from the Brochure, Web site and I encourage you to contact us for further information.

Tekendra Bahadur

ENROLLMENT

The target areas of KTS are the five districts of the Karnali Zone and two neighboring districts Dailekh and Jajarkot. Few seats are given for free competition from all over the country.
